Rally Class Description

For a complete description of the Rally rules & regulations, rules of performance, scoring standards, explanation of exercises (including Primary and Secondary Elements), course design, etc., go to www.rallydogs.com and click on Official Regulations. To learn more and get new ideas, you can connect with other World Cynosport Rally Limited enthusiasts by subscribing to our Facebook page **WCRL Rally**.

You must be familiar with all the Rally exercise signs, as well as the Official Rules & Regulations prior to the event. Go to www.rallydogs.com for an explanation of each of the exercise signs and have fun practicing them with your dog.

A and B Classes

"A" classes are for dogs that have NOT earned the base title for that level (i.e., RL1, RL2, RL3, RLV).
"B" classes are for dogs that have completed that base title for that level.

Intro Class

Intro class is open to all dogs 6 months or older, but dogs who have earned the RLI or RL1 or higher are not eligible for placement awards, if offered, in this class. There is no separation of Intro class into A and B classes. An Intro course has 10 exercise signs, including the bonus. Please see the Official Rules & Regulations for more details on Intro class, including when rewards may be given.

Veteran Class

Veteran class is open to all dogs over the age of 8; dogs 50 pounds and less than 90 pounds may enter Veteran at age 7 years, and dogs 90 pounds or more may enter at age 6 years. A Veteran course will consist of 12-13 exercise signs from any level, which includes a bonus exercise. Veteran is an off-leash class. In Veteran class, one Additional Cue per exercise may be given without penalty. Please see the Official Rules & Regulations for more details.

Flash Program Classes

The program has been designed to feature continual motion by either handler, dog, or both. Courses are intended to reinforce continuity and vitality in the relationship between dog and handler. Flash classes are offered in three levels. Level 1, Level 2, and Level 3. There is no distinction between A & B classes. Additional information, rules & regulationsare found on rallydogs.com.

Food and Touch Rewards

Rewards of food and touch may be given in all Regular Levels 1-3, Intro, and Veterans classes following the conclusion of any stationary exercise, except when performing shared stations, in which the reward may only be given at the conclusion of the final stationary exercise of a shared station.

- Handler's delivery of the reward must be completed before the team moves forward on the course to the next exercise.
- Use of the reward to induce a desired behavior is considered luring and is prohibited. Rewards may be given in the ring before beginning and after completion of the course performance.
- A handler shall not otherwise feed or touch their dog during the course performance. Please see the Official Rules & Regulations for more details on the rules for rewards.

Please note that Food and Touch rewards are not permitted during course performance in the Flash classes as there are no stationary exercises. The class was designed to promote and test continual motion of dog and/or handler.

Bonus Exercise

A Bonus is an exercise through which additional points may be earned. A bonus exercise is offered on all courses in the Regular classes, levels 1 - 3, and it shall be clearly marked with a "Bonus" placard. The bonus exercise shall be in course sequence, at judge's discretion, and shall be performed in the normal flow of the timed course at handler's option. There is no penalty for bypassing the bonus. Please see the Official Rules & Regulations for additional details on the bonus exercise, including the list of exercises from which the bonus is selected for each class.

Jump Heights

Dogs are not required to be measured the day of the trial or prior to judging. However, judges have the option to measure any dog prior to his/her performance if the dog appears to be entered in a group lower than might be indicated by his/her registered shoulder height. Jump heights may also be modified or the jump exercise excused entirely based on physical challenges (e.g. age, disability such as blindness, or use of a mobility device) that a particular dog may face.

The following table shows the recommended and minimum allowable jump heights based upon the dog's height at the withers. The selected jump height shall be indicated on the Entry Form. The "minimum allowable jump height" for each height category is the minimum height permitted without a Request for Modification being made. A handler may select a higher height at their sole discretion but must have designated the height on the entry form.

Height at Withers	Minimum Allowable Jump Height	Recommended Jump Height
12" or less	4"	4"
16" or less	4"	8"
20" or less	8"	12"
Over 20"	12"	16"

Time Standards

Each course in all classes has a Maximum Course Time or "MCT". Should this limitation be reached, the course performance is over and the team's score will be marked zero. The following table sets forth the MCT for each class:

	Intro	Level 1	Level 2	Level 3	Veteran
Regular Classes	180 seconds	180 seconds	210 seconds	240 seconds	240 seconds
Flash Classes		120 seconds	150 seconds	180 seconds	

All time is to be reported in Seconds, to 1/100th of a second.
(E.g., 1:42.56, being one minute, 42.56 seconds, shall be notated as 102.56 seconds.)
