## Jump Heights

Dogs are not required to be measured on the day of the trial or prior to judging. However, judges have the option to measure any dog prior to his/her performance if the dog appears to be entered in a group lower than might be indicatedby his/her registered shoulder height. Jump heights may also be modified or the jump exercise excused entirely based on physical challenges (e.g., age, disability

such as blindness, or use of a mobility device) that a particular dog may face.

The following table shows the recommended and minimum allowable jump heights based upon the dog's height at the withers. The selected jump height shall be indicated on the Entry Form. The "minimum allowable jump height" for each height category is the minimum height permitted without a Request for Modification being made. A handler may select a higher height at their sole discretion but must have designated the height on the entry form.

| Height at Withers | Minimum Allowable Jump Height | Recommended Jump Height |
|---|---|---|
| 12" or less | 4" | 4" |
| 16" or less | 4" | 8" |
| 20" or less | 8" | 12" |
| Over 20" | 12" | 16" |

**Time Standards**

Each course in all classes has a Maximum Course Time or "MCT". Should this limitation be reached, the course per-formance is over and the team's score will be marked zero. The following table sets forth the MCT for each class:

| | Intro | Level 1 | Level 2 | Level 3 | Veteran |
|---|---|---|---|---|---|
| **Regular Classes** | 180 seconds | 180 seconds | 210 seconds | 240 seconds | 240 seconds |
